

PLATFORM INVESTMENT

An app that publishes the truth.

A right-sized partnership for launch —
mobile app + admin Studio, ready as one.

Prepared for · The Cocokind team

Scope · Mobile platform + The Studio (web admin portal) — hosting, AI with cosmetic-rule guardrails, releases, monitoring, on-call, OS-required maintenance

Excluded · One-time build (separate proposal). Payment processing, shipping, taxes — passthrough.

THE PHILOSOPHY

Right-sized for launch. Designed for a transparency-led brand.

Cocokind already does what most brands won't — publishes Sustainability Facts, refuses vague "clean" language, sources every ingredient claim. The app should mirror that rigor. Our recommendation balances a strong middle tier today with a contractually-locked path to Enterprise the moment scale requires it.

Predictable

A flat monthly fee for everything in the launch scope. No surprises during Year 1.

Transparent

Every ingredient and sustainability claim cited and editor-approved. AI never invents.

Honest

If something is genuinely included, we say so. If something is passthrough or scoped separately, we say that too.

THE RECOMMENDATION

Growth tier + Studio add-on — \$4,250 / month — for Year 1.

MOBILE TIER

Growth

\$3,500 / mo

Both stores via React Native. Claude-powered AI with strict cosmetic-rule guardrails. RevenueCat. Apple + Google sign-in. ASO quarterly. Two releases a month. Shared Slack with 4-hour response.

ADMIN PORTAL

The Studio

\$750 / mo

Sustainability Facts editor with citation manager, ingredient library, compliance review queue, routine library, refill ops dashboard, concierge inbox, analytics.

FUTURE TIER

Enterprise

from \$8,000 / mo

Esthetician B2B portal. Photo skin analysis at scale. EU GDPR data residency. Native AR. SSO + audit logging + RLS hardening. 24/7 SLA. Studio folds in.

The internal twin of the mobile app — and the brand's transparency backbone.

Catalog and orders stay in Shopify. The Studio owns the Sustainability Facts library, the ingredient evidence base, the compliance review queue, the refill ops dashboard.

MODULE	WHAT YOUR TEAM DOES WITH IT
Facts editor + citation manager	Author per-product Sustainability Facts with LCA citations, packaging detail, ingredient sourcing.
Ingredient library	Per-ingredient reference with peer-reviewed citations and contraindications.
Compliance review queue	Catches FDA cosmetic-rule sensitive language before publish. AI pre-screens; you approve.
Routine library	AM / PM templates per goal. Editors define what "hydration + glow" recommends.
Refill ops dashboard	At-risk subscriptions, smart refill predictions, bottle returns + credit.
Concierge inbox	Studio chat escalations, ingredient questions, sustainability questions, refill issues.
Translation workflow	EN-first; Claude drafts ES; editors approve per locale.
Analytics dashboards	Routine completion, refill churn, Facts engagement, compliance flags caught pre-publish.

WHAT THIS LOOKS LIKE

At every stage of growth.

STAGE	MONTHLY ACTIVE USERS	MONTHLY PLATFORM FEE	PER ACTIVE USER
Pilot	2,000	\$4,250	\$2.13
Launch	8,000	\$4,250	\$0.53
Early growth	20,000	\$4,250	\$0.21
Established	40,000	\$4,250	\$0.11
Strong adoption	80,000	\$4,250	\$0.05

Combined fee covers mobile platform + Studio at every stage. AI overage above 100K calls/month billed at cost +20%.

When Cocokind is ready, Enterprise is one decision away.

TRIGGER	WHAT ENTERPRISE UNLOCKS
Launching esthetician B2B portal	SSO, audit logging, role-based access — for partner esthetician client tracking.
Adding photo skin analysis at scale	Health-data adjacent audit logging required.
EU expansion makes data residency contractual	EU storage + CSRD-style sustainability disclosure compliance.
Launching AR product try-on	Native Swift / Kotlin modules for stable on-face AR.
Major retail partner requires 24/7 / 1h SLA	Dedicated lead engineer + PM, on-call rotation.

WHAT WE LOCK IN YOUR YEAR 1 CONTRACT

The Enterprise upgrade fee is set in advance, with no penalty for moving up. Any build credit accrued during Year 1 is prorated against the Enterprise tier. You decide when you're ready.

FAIR TERMS

Three commitments to keep the relationship healthy.

30-day exit

Either side can end on 30 days' notice after the Year 1 term.

Your data, your accounts

Source code, customer data, AI logs, the Sustainability Facts library all live in your cloud accounts.

AI overage cap

If AI usage spikes beyond 100,000 calls per month, anything above is billed at our cost +20%.

BRAND-SIDE COMPLIANCE REVIEW

Every customer-facing ingredient claim, sustainability figure, or routine recommendation reviewed and approved by your editorial team before publish. AI generates; humans approve. Always.

WHAT'S NOT INCLUDED

Passed through at cost or scoped separately.

- **Payment processing** — Shopify and Stripe fees on transactions, at standard rates.
- **LCA / audit fees** — Anthesis or whichever LCA partner you use. The Studio links to them; the audits themselves are yours.

- **Editorial content production** — long-form journal, VOICES films, photography are yours.
